§5-902 STORAGE OF DISMANTLED, WRECKED, JUNKED AND INOPERABLE MOTOR VEHICLES AS NUISANCE.

- (1). It is expressly found and determined that the storage or accumulation of dismantled, partially dismantled, wrecked, junked, or inoperable motor vehicles left upon private property, in places other than junk yards or other appropriate areas, tends to interfere with the enjoyment of property, reduce the value of private property, and invite plundering and vandalism, create fire hazards, extend and aggravate urban blight, and result in a serious hazard to the public health, safety, comfort, convenience, welfare and happiness of the residents of the City and is hereby declared to be a nuisance. No person shall park, store, leave, or permit the parking, storing or leaving of any motor vehicle of any kind which is dismantled, partially dismantled, wrecked, junked, or inoperable for a period of time in excess of fifteen (15) days; provided, this section shall not apply to any vehicle located on private property within an enclosed building, or to any vehicle held in connection with a business enterprise lawfully operated within the City.
- (2) The following words and phrases shall have the meanings respectively ascribed to them by this section:
- (a) Motor vehicle is any vehicle which is designed to travel along the ground and shall include, but not be limited to automobiles, buses, motor bikes, motorcycles, motor scooters, trucks, tractors, go

carts, golf carts, campers and trailers.

- (b) Junked motor vehicle is any motor vehicle which does not have lawfully affixed thereto an unexpired license plate or plates, and the condition of which is wrecked, dismantled, partially dismantled, inoperable, abandoned or discarded.
- (c) Inoperable motor vehicle shall mean a motor vehicle which cannot be started and driven.

(3)

- (a) Whenever any owner or occupant of real property permits a nuisance to exist, such owner and any occupant shall be notified of the existence of such nuisance by the City, and if the nuisance is not abated within fifteen (15) days from the service of the notice, the owner or occupant shall be guilty of creating a nuisance. The notice may be served by personally handing a copy thereof to each owner, or the owner's duly authorized agent, and to the occupant; or by leaving said notice at the usual place of residence, or in the event the owner is a nonresident of the City and his residence is known, notice may be served upon him by certified mail. Service of notice by certified mail shall be deemed complete when the notice is delivered to the owner by the United States mail.
- (b) Upon failure of the owner or occupant to so abate the nuisance within fifteen (15) days of notice being given, in addition to or in lieu of filing charges for violation of this Chapter, the City may cause any junked motor vehicle to be towed from the property, at the expense of the owner of said motor vehicle. The City shall make a reasonable effort to contact the owner of the towed vehicle by sending a notice to the registered owner, if known; by sending an inquiry to the county it is registered in if the owner is unknown; or by contacting the Director of Motor Vehicles, if the vehicle is without license plates and the owner is unknown. If notified by the Director of Motor Vehicles that a lien or mortgage exists on said vehicle, notice shall also be sent to the lien holder or mortgagee. Any person claiming such vehicle shall be required to pay the cost of removal and storage of such vehicle. If the owner, lien holder or mortgagee, if known and does not claim the vehicle within five (5) days after the date when the notice was mailed, or upon receiving word from the Director of Motor Vehicles that the owner is unknown, title will immediately vest in the Municipality and the vehicle may be sold. Any proceeds from the sale of the vehicle less any expenses incurred by the Municipality in such removal, storage and sale shall be held without interest in a separate account for the benefit of the owner of such vehicle for a period of two (2) years. If not claimed within such period of time, the proceeds shall then be paid into the General Fund.

#### §5-903      REMOVAL OF DAMAGED OR INOPERATIVE VEHICLES AS A RESULT OF ACCIDENTS FROM PUBLIC RIGHT-OF-WAY.

It shall be the duty of the Police Department to oversee and direct the removal of damaged or inoperative motor vehicles as a result of an accident from the highways, streets and alleys of the City. Motor vehicles shall be removed by towing to a designated storage lot, unless otherwise directed by the owner or operator of the vehicle. The City Council shall designate the storage lot to be used. For all towing to the designated storage lot, a license shall be obtained from the City Council therefore, and likewise a license shall be obtained by the operator of the storage lot. The term of each license shall be for a period of two (2) years and may be revoked at any time by the City Council for good cause shown. Each licensee shall annually pay a fee for each license in the sum of ten (\$10.00) dollars. The manner and procedures to carry out the provisions of this Section shall be by resolution of the City Council.

Whenever the Mayor of the City, or his designated representative, shall find, on the basis of falling snow, sleet, or freezing rain, or on the basis of an official forecast by the U.S. Weather Bureau, of snow, sleet, or freezing rain, that weather conditions will make it necessary that motor vehicle traffic be expedited and that parking on City snow emergency routes be prohibited or restricted for snow plowing and other purposes, the Mayor or his designated representative may place into effect a parking prohibition on all snow emergency routes by declaring that emergency conditions exist. In such declaration of emergency conditions the Mayor or his designated representative shall state the time that said emergency shall be in effect and from the time so designated, all parking of vehicles on snow emergency routes shall be prohibited. While the prohibition is in effect, no person shall park or allow to remain parked any vehicle on any portion of a snow emergency route. Once in effect, the parking prohibition imposed under this Section shall remain in effect until terminated by declaration of the Mayor or his designated representative. However, nothing in this Section shall be construed to permit parking at any time or place where it is forbidden by any other provision of law.

**§5-1003      SNOW EMERGENCY ROUTES; PARKING PROHIBITION.**

Whenever the Mayor or his representative shall find on the basis of accumulated snow, falling snow, sleet, freezing rain, or on the basis of an official forecast by the U.S. Weather Bureau of snow, sleet, or freezing rain, that conditions make it necessary that parking on local residential streets be prohibited or restricted for snow plowing and other purposes, he may put into effect a parking prohibition on part of or on all local and residential streets by declaring that parking be prohibited on one side of the local and residential streets, designating either the odd or even address numbered side, at his discretion. In such declaration, the Mayor or his designated representative shall state the date and time on which such parking prohibition shall take effect. The prohibition shall remain in effect until terminated by announcement of the Mayor or his designated representative, who may then declare that there shall be in effect a parking prohibition on the opposite side of

those local and residential streets designated above, which prohibition shall remain in effect until terminated by announcement of the Mayor or his designated representative. While the prohibition is in effect, no person shall park or allow to remain parked any vehicle on any side of a street whereon parking is prohibited.

#### **§5-1004      SNOW EMERGENCY ROUTES; OPERATION OF VEHICLES.**

Whenever an emergency has been declared pursuant to Section 5-1002 of this Article, no person operating a motor vehicle on a snow emergency route shall allow such vehicle to become stalled or stuck.

No person operating a motor vehicle on a snow emergency route during the declaration of emergency snow conditions shall allow such vehicle to become stalled because the motor fuel supply is exhausted or the battery has become inoperative.

Whenever a motor vehicle becomes stalled for any reason, whether or not in violation of this Article, on any snow emergency route on which there is a parking prohibition in effect, the person operating such vehicle shall take immediate action to have the vehicle towed or pushed off the roadway of such snow emergency route, either onto the nearest cross street which is not a snow emergency route, or other appropriate location. No person shall abandon or leave his vehicle in the roadway of a snow emergency route, except for the purpose of securing assistance during the actual time necessary to go to a nearby telephone or to a nearby garage, gasoline station, or other place of assistance and return without delay.

#### **§5-1005      SNOW EMERGENCY ROUTES; DECLARATION BROADCAST.**

The Mayor or his designated representative shall cause each declaration of a snow emergency made by him, pursuant to this Article, to be publicly announced by means of broadcast or telecast from broadcasting stations with a normal operating range covering the City, and he may cause declaration to be further announced in newspapers of general circulation when feasible. Each announcement shall describe the action taken by the Mayor or his designated representative, including the time it became or will become effective, and shall specify the streets or areas affected. The Mayor or his designated representative shall make or cause to be made a record of each time and date when any declaration is announced to the public by issuing an executive order as soon after the declaration of an emergency as is feasible.

Whenever the Mayor or his designated representative shall find that some or all of the conditions which gave rise to a parking prohibition placed in effect pursuant to the provisions of this Article no longer exist, he may declare the prohibition terminated, in whole or in part, effective immediately upon announcement or at a later specified time.

#### **§5-1006      SNOW EMERGENCY ROUTES; CONFLICTING PROVISIONS.**

Any provision of this Article which becomes effective by declaration of the Mayor or his designated representative upon the occurrence of a snow emergency, while temporarily in effect, takes precedence over other conflicting provisions of law normally in effect, except that it shall not take precedence over provisions of law relating to traffic accidents, emergency travel of authorized emergency vehicles, or emergency traffic directions of a police officer.

It shall be the duty of the person or persons in charge of the lot, garage, storage yard, or other similar facility designated by the Police Department to keep a record of the name of the owner of all vehicles towed in under the provisions hereof, together with the registration number of each vehicle, and the nature and circumstances of each violation, and the amount of fees collected hereunder, and to deliver a report of each day's transactions to the Chief of Police not later than one (1) day following the day for which the report is made.
